Erin Murk, of Newnan, GA has been diagnosed with stage 4 Squamous cell carcinoma. She and her husband are trying to raise money so that she can seek treatment at the University of Chicago Comprehensive Cancer Center. This treatment will not be covered by her insurance.

The family contacted us to help them sell seven pieces of equipment in order to raise money. After getting to know them we have decided to do what we can to help them in their time of need. The equipment will be sold at the Joey Martin Auctioneers Equipment Auction on Sept 16th in Villa Rica Ga. It is selling absolute with 100% of proceeds being returned to them.

We also have a Yeti Cooler that has been donated and will be sold. We are asking for additional items to be donated to help raise money or if someone prefers, they can donate money. They can donate at the Villa Rica Auction Event or Checks to be made out to Erin Murk and sent to:
